

The image features a low-angle shot of several palm trees silhouetted against a bright, overcast sky. The sun or moon is visible as a bright, diffused light source behind the clouds, creating a high-contrast scene. The palm fronds are blowing in the wind, adding a sense of movement and tension to the composition.

**THINK OF IT AS THE CALM BEFORE THE STORM**

# CERTAINTEED ROOFING STICKS AROUND.

## Our Wind Warranty Proves It.

There is a calm before every storm, but CertainTeed Roofing is the calm during and after. Landmark™ Series shingles are designed to defend your home against updrafts, crosswinds, and all manner of gusty, blustery weather. The Landmark™ Series features the industry's toughest fiber glass mat and strongest materials available. And with industry-leading warranties, you can be certain your home is protected – because your roof is covered.

### Landmark Series

	STANDARD	UPGRADED
	Wind warranty MPH	Wind warranty MPH

Landmark Canada	80	130
Landmark	70	110
Landmark Woodscape	70	110

*(See actual warranty for details)*

Landmark™ Series shingles feature an enhanced wind warranty for winds up to 130 mph. Working in concert with CertainTeed hip and ridge materials, and CertainTeed starter, these shingles are your home's able guardians against wind damage.

*Upgraded 130 MPH warranty for first 10 years only and 110 MPH upgraded warranty for first 5 years only provided the following criteria are met.*

*Landmark series shingles are not applied over existing roof shingles (roof-overs are not permitted).*

*CertainTeed SwiftStart starter shingles are installed along the roof eaves and rakes (Universal starter for Landmark Woodscape shingles).*

*CertainTeed Shadow Ridge or Mountain Ridge hip and ridge accessory products are installed as cap shingles.*

Printed on FSC certified paper.
